KNOWLEDGABLE

RELIABLE

**SERVICE · COMMUNICATION · INNOVATION**

# EXPORT

## EXPERIENCED

- In excess of **15 years** experience in the handling, shipping and consolidation of wine out of Australia.
- We are able to receive, store, and pack (for single suppliers) or consolidate containers (for multiple suppliers), throughout a large variety of regions in Australia.
- Experience with major International Trade Shows across the world.

## UNDERSTANDING

- We understand that a variety of solutions are required in order to ensure a successful shipment, these including but are not limited to:
  - General or Refrigerated Container Services
  - Insulation Kits
  - LCL and Consolidation Services
  - Container Stacking Orientations
  - Palletisation
  - Crating and/or Shrink Wrapping
  - Airfreight
- We have a real and practiced understanding of Wine Export regulations and Export documentation.

## RELIABLE

- SCI Australia only chooses the most reliable, and secure of specialist warehouses to hold and pack your goods.

# IMPORT

## DECADES OF KNOWLEDGE

- SCI Australia have been handling the importation of freight to Australia for over two decades, and have a number of staff members with experience exceeding that.
- We have a considerable experience with the inbound importation of wine out of most major trade lanes.

## CONNECTED

- We have hand-selected a range of highly knowledgeable international partners specialising in the freight management of wine and spirits.
- Our key partners in Europe, America's and Asia can offer secured and temperature controlled warehousing as well as consolidation and international regulatory documentation.

## UNDERSTANDING

- We are accustomed to the strict requirements of fine wine orders, including Temperature Controlled pickups and storage, as well as temperature recording and specific packaging methods.
